Dear Parents/Guardians,

Welcome to the start of another great school year! We welcome you as our partners in your child’s education and look forward to working together to help your child have a successful year.

Making sure your child attends school every day possible will help make your hopes and dreams for your child’s success in school and beyond become reality.

Did you know that missing one or two days a month of school can add up to missing a month of the school year? Missing class or arriving late to school adversely affects student achievement and can interfere with students feeling connected to their teachers.

Attending school consistently helps your child learn, make new friendships, discover new interests, and build confidence and self-esteem.

We appreciate all you do to encourage your child to attend school consistently and arrive at school on time. These two positive habits are keys to your child’s success.

We encourage you to contact us when you have information about your child that you feel is important for school to know or needs arise. If you have any questions or need more information, don’t hesitate to contact me at: (contact information).

When our students are not in school, we notice because we care! Every Day Counts!

Thank you for all you do to support your child’s school success and well-being.

Sincerely,
