

Dear Parent/Guardian:

We are excited for the school year ahead and working together to support your child's success at school!

We have been working hard to plan all the details that make our school a place where everyone can be safe, healthy, and learning. You are a big part of your child's life and our school community. We want to stay connected with you and encourage you to stay in contact with your child's teacher.

It's never too early for our students to DREAM BIG! They benefit from all our support to make those dreams become possibilities. When we work together, students can learn skills and ideas that can help them be successful in their future careers.

Please help us keep students healthy. Make sure they get sleep, eat well and exercise. If you are not certain whether to send your child to school due to illness including Covid-19, call _____ at _____ to discuss the situation.

We really love seeing your child and all our students at school. We want them here consistently unless that are ill or need to stay at home. When children are absent from remote or in person instruction, whether for partial or full days, they miss valuable instruction – and we miss them.

This school year will present challenges, but we are ready for the year ahead and look forward to our continued partnership with you. Please let us know how we can work together to best assist you and your child this school year.

As always, we deeply appreciate your help and partnership. Thank you for everything you do to dream big and advance your child's learning!

If you have any questions or need more information, please contact me at
