Absences Matter and You Can Help!

Dear Parent/Guardian of _____

_____ has been absent _____ days this school year.

Students fall behind when they miss school-whether students are absent for excused or unexcused reasons. A few absences every month can add up to weeks of lost learning over the year.

We want to partner with you to support your child's education. With your help, we can have a big effect on _____'s absences going forward and we appreciate your help.

Sincerely

School Principal
